Introduction

This activity book has been designed to solidify children's understanding of the vocabulary required for day-to-day life. It is also in parallel with the vocabulary required for the **Cambridge Starters** exam and corresponds to the **pre-A1** level of the Common European Framework of Reference for Languages (CEFR).

The book is separated into ten topic-based units with each unit offering a range of fun and useful exercises. These exercises cover the essential vocabulary appropriate for children who wish to have a base to start their English learning journey.
